

Sabu Help International

ABOUT SABU HELP INTERNATIONAL

Sabu Help International is a non-profit organization, tax-exempt under section 501(c) (3) of the United States Internal Revenue Code. We operates under the governance of volunteer board of directors. Sabu Help International is dedicated to empowering people so they can work themselves out of poverty, build better lives and achieve economic self-sufficiency. Our objective is to provide financial resources, tools, and opportunities to empower people. We believe that the world poor people can build better lives if only given the opportunities and meaningful resources.

VISION

To provide the means in which to combat persistent poverty and transform lives of people. We envision the implementation of our programs and projects at the family level will lead to the expansion of the economy of the whole community. We will accomplish the vision through education; both formal and vocational, financial assistance (micro-lending) and business skills (training).

MISSION

To create opportunities for those living in persistent poverty so they can work themselves out of poverty, build better lives and achieve economic self-sufficiency. We do this by providing financial assistance, business skills, and vocational training to achieve a better standard of living.

PROGRAMS

I. Microloans.

We offer smaller loans to individuals who are less unfortunate to build credit or have access to traditional financial services from financial institutions. Our micro-loans allow clients to pursue income generating, profitable economic and self-sufficient activities. Our microloans services...

- enable individuals to start or expand their business
- enable families to send their children to school
- enable people to provide food for their families
- allow families to have health insurance
- enable families to build wealth

II. Student Education

We provide financial aid to needy but promising students to attend college so they can attain higher education, a powerful tool for long life learning process. We strive to provide education to the youth and prepare them to be self-sufficient in the future. A successful future for a child depends on many things, including appropriate education. We believe that educating the underprivileged is the best investment in the future. WE believe EDUCATION...

- Empowers the next generational for a lifetime
- Inspires long-life success
- Education is the path to self-sufficiency

II. Business Skills.

Our training is designed to help our clients make wise business, financial and life learning decision. We pioneer new ways to deliver our training using stories, games and scenarios. The training covers decision making, budgeting, spending, saving, and growing the business, sharing idea and borrowing. We practice the principle of a hand up, not a handout.
